Director's News

Fall has definitely arrived in the basin and we're only **one week away from the Pumpkin Patch!** I'm so EXCITED! We have been busy planning and checking items off of our lists and are getting down to the last few details. We need all the help we can get & *remember that this event is held entirely to support IVNS and to keep your tuition low!*

If you haven't brought in 3 donations yet (they were due to us 9/29), please reach out to some other businesses to fulfill your 3 donations. We really don't want to have to bill any families, but according to my records A LOT of our families have not brought in their 3 donations. If you are a hobbyist or crafter, or own your own business - you can always donate something from yourself/own business. Lots of great prizes go into the raffle too - so keep selling those tickets & don't forget that the family who sells the most tickets will win 4 tickets to the Polar Express and the family who brings in the highest number of donations (not \$\$ amount) will also get 4 tickets to the Polar Express.

Get out and enjoy that fall sunshine, and keep your fingers crossed that we get clear weather on Pumpkin Patch day!

Each family is required to put in at least 4 hours (unless you opted-out).

We can't run this event without you!

Feel free to share the signups with anyone you know (students included).

There are LOTS of spots available and we need to fill them all in order to run the event.

Pumpkin Patch flyers are ready - Please pick yours up in the classroom and help get them up around the north shore!

Star of the Week

Throughout the school year each child will have their own week to shine which we'll schedule as family photos posters come in. During your child's star week, we'll begin by talking about their family photos. If you have not brought in your family photo poster yet, please do so ASAP!

On the first day of your child's star week we'll also send home a "secret sharing sack" which your child can bring back to school with an item inside to share at circle time. Please help your child to choose *one* item to fit in the sack. If it doesn't fit, you can use a larger bag from home.

We ask that you please do not send toys with weapons, or toy weapons in the sharing sack. Help your child to think of descriptive clues for the item because the rest of the class will ask questions to see if they can guess what's inside.

Finally, we invite you to come read a favorite book or volunteer in the classroom during your child's Star Week. We are flexible with timing, so just let us know when and what day you would like to come. Other family members are welcome to come read as well!

October Star of the Week Schedule

Time for Jackets on the Playground

With the change of the season has come a change in temperature. It's time to start sending your little one to school with a light or mid-weight jacket for playground time. Our playground is usually shaded and we've had several kids telling us they are too cold. We will of course help them zip up, and put on any hats, hoods, or mittens that you send.

PLEASE LABEL EVERYTHING WITH YOUR CHILD'S NAME!

Scholastic Book Orders

We have a great opportunity to order children's (and tween/teen) books online directly from the publisher with Scholastic Books. Look for book order forms and catalogues in your child's cubby after mid-month. Every book that's ordered earns points for our classroom to buy books as well. We love Scholastic's prices & books! More info coming soon....

Enrichment Classes

Our enrichment classes have begun the year with great success and we're looking forward to watching our students grow even more in these classes each month. We offer enrichment classes for many reasons which include; classes are with teachers who are professionals in their field and are experts at what they do, exposing students to different teaching styles (and sometimes male teachers) is important to their success in school later in life, these enrichment activities are selected because they are proven to help your child grow, learn, and develop, and finally because enrichment activities are just that ... enriching! We love having these opportunities to experience and learn new things with your child, and the kids LOVE learning with our group of enrichment teachers. This year we welcome to our program:

Cross Fit Kids with Coach Myles (owner of Cross Fit Avalanche & Cross Fit Blizzard) - MWF ONLY
 Kids Yoga with Becca (owner of Peanut Butter Jellyfish)
 Music with Mr. Mark (Mark Sexton is a local musician who plays with multiple bands)
